

ASPIRING YOUTH

Winter break camp 2017

Fun. Social skills. Field trips.
Hot chocolate.

An ongoing tradition, winter break camp is a fun opportunity to connect with friends while pursuing games, activities and excursions. Our master's level counselors make sure that winter break is a place for students to recharge while building social skills and confidence.

Mornings: Students select from their favorite activities:

- Outdoor games and the Challenge Course
- Board games, Magic the Gathering or D&D
- Legos and K'nex
- Comedy Improv, Art and Movement

Afternoon field trips to Woodland Park Zoo, Pump-It-Up, bowling, MoPOP and Living Computer Museum – for no additional fee!

Registration opens on November 16!

Participants

We welcome students ages 8 and up who benefit from a small group environment. Some are shy, some are quirky, and some are twice exceptional. Some of our campers have a diagnosis of Asperger's Syndrome, autism, learning disabilities or similar traits.

About Us

- Nationally accredited, innovative program serving families since 2004
- Dynamic master's level professionals
- Sustainable friendships through year-round social skills groups, coaching and alumni events
- Free enrollment meeting with clinical coordinators to ensure group fit and identify goals
