

ASPIRING YOUTH

Climbing and workout group for young adults

What's better than pizza and beer after a workout or climbing session? Not many things!

Join young men and women like you to exercise and learn how to climb at **Seattle Bouldering Project** while making new friends or fostering existing relationships.

While it's a fun and informal gathering, you'll also have an Aspiring Youth facilitator there to help guide your evening.

Participants

We welcome young adults age 21 and up who benefit from a small group environment. Some are shy, some are quirky, and some are twice exceptional. Some of our campers have a diagnosis of Asperger's Syndrome, autism, learning disabilities, or other similar traits.
